

Ui Style Guide Ppt

Ui Style Guide Ppt - UI style guide created to keep as a reference and make sure the user interface is consistent across the board. It helps build your app by ensuring that typography and UI elements are used in the same way all the time, hooked directly into the same CSS so that any updates will be automatically reflected in the guide. It's key to find an efficient way to communicate designers, developers and ...According to Wikipedia, a UI style guide is a 'set of standards for the writing and design of documents' and that it 'ensures consistency and enforces best practice in usage.' All very true. But what it neglects to mention is how inspiring UI style guides can be just to look at and get lost ...As you may know, a while back I created a few PowerPoint templates for a friend. I uploaded one of them "bubbles" for everyone to use / share / distribute as you wish. Since then I've had a few requests for more. Since my post on an Excel dashboard using the Microsoft Metro UI style,...Ubuntu Mobile User Interface Guidelines; Palm webOS for Palm Pre; Samsung Bada User Interface Style Guide; Tablet PC User Interface Guidelines.
